

28 November 2009

Andy Riley, President  
Enterprise Contracting  
13944-G Willard Road  
Chantilly, VA 20151

Dear Mr. Riley,

On behalf of BSA Troop 162, Arlington Westover Baptist, I want to express our deep appreciation and gratitude for the generous support that you provided to our annual X-Mas Tree Lot fundraiser; specifically, the new lighting system that you and your crew helped design, fabricate, and install. The old home-made lighting had been a concern, and we are very pleased to replace it with a professionally developed version.

Your donation of the material and services at no cost to the troop was a wonderful, early present for our group. We are a volunteer group, and so the entire proceeds of the fundraiser are used for year-round operations including camping fees, equipment, supplies, and related costs. Hence your donation goes directly to the bottom-line to the benefit of our scouts.

Please also extend our thanks to Adze and Mitch for their dedication to this project. Let James Scampavia, our troop treasurer, know if you need any documentation of our non-profit status for tax purposes. We are organized under the BSA National Capital Area Council, Key Bridge District.

Once again, many thanks for your support of Troop 162. Best wishes to you for the holidays.

Sincerely,

Ray Harp, Chair  
Troop Committee  
BSA Troop 162  
Westover Baptist
