

February 22, 2009

Dear Andy,

I want to thank you for the wonderful job you and your team did for us during our remodeling project. With the work encompassing my living room, dining room, and kitchen, we initially harbored concerns regarding our access to the space during the project and how our home and belongings would be affected. Your team aced every aspect and we were well informed through the duration of the project. From start to finish, the process always had us and our comfort in mind and the workmanship was top notch.

A knowledgeable and extremely professional estimator provided all of the information and options available with the estimate. The job was scheduled and began within 3 weeks of signing the proposal. The installation crew took great care in handling furniture and actually installed felt shields on the bottom of each piece of furniture.

My wife and I were very pleased with all aspects of our experience with Enterprise Contracting and highly recommend Enterprise Contracting for any home improvement or remodeling project.

Sincerely,

Skip and Sharon Thompson
